College Student Eligibility

The only college students who can apply for the Health Care Career Scholarship during the 2019-2020 application cycle are those who previously received the Kaiser Permanente Health Care Career Scholarship as high school seniors in 2018.

In addition to having previously received the scholarship in 2018, college applicants must:

- Be currently enrolled full-time in college pursuing a course of study leading to a human health care career (can be pre-health coursework or enrollment in a health professions program).
- Have a minimum cumulative college GPA of 3.0 on a 4.0 scale.
- Plan to enroll in their third year of full-time undergraduate study in fall 2020 at a U.S. accredited college or university in continued pursuit of a human health care career. (Note: Scholarships are not payable to for-profit institutions.)

Proof of US citizenship or legal permanent residency is not required.
