1.0 Policy Statement

Kaiser Foundation Health Plans (KFHP) and Kaiser Foundation Hospitals (KFH) are committed to providing programs that facilitate access to care for vulnerable populations. This commitment includes providing financial assistance to qualified low income uninsured and underinsured patients when the ability to pay for services is a barrier to accessing emergency and medically necessary care.

2.0 Purpose

This policy describes the requirements for qualifying for and receiving financial assistance for emergency and medically necessary services through the Medical Financial Assistance (MFA) program. The requirements are compliant with Section 501(r) of the United States Internal Revenue Code and applicable state regulations addressing eligible services, how to obtain access, program eligibility criteria, the structure of MFA awards, the basis for calculating award amounts, and the allowable actions in the event of nonpayment of medical bills.

3.0 Scope

3.1 This policy applies to employees who are employed by the following entities and their subsidiaries (collectively referred to as "KFHP/H"):

3.1.1 Kaiser Foundation Health Plan, Inc.

3.1.2 Kaiser Foundation Hospitals; and

3.1.3 KFHP/H subsidiaries.

3.2 This policy applies to the Kaiser Foundation Hospitals and hospital-affiliated clinics listed in *Addenda for Kaiser Permanente Regions, Attachments 1-8*.

4.0 Definitions

See *Appendix B – Glossary of Terms*.

5.0 Provisions

KFHP/H maintains a means-tested MFA program to mitigate financial barriers to receiving emergency and medically necessary care for eligible patients regardless of a patient's age, disability, gender, race, religious affiliation or immigration status, sexual orientation, national origin, and whether the patient has health coverage.

- 5.3 Information Needed to Apply for MFA.** Complete personal, financial, and other information is required to verify a patient’s financial status to determine eligibility for the MFA program, as well as eligibility for Medicaid and subsidized coverage available on the Health Benefit Exchange. A patient’s financial status is verified each time the patient applies for assistance.
- 5.3.1 Providing Financial Information.** Patients are required to include household size and household income information with their MFA application, however, submitting financial documentation to allow verification of financial status is optional unless specifically requested by KP.
- 5.3.1.1 Verifying Financial Status without Financial Documentation.** If financial documentation is not included with the MFA application, a patient’s financial status will be verified using external data sources. If a patient’s financial status cannot be verified using external data sources, the patient may be asked to submit the financial documentation described in the MFA program application to allow verification of their financial status.
- 5.3.1.2 Verifying Financial Status with Financial Documentation.** If financial documentation is included with the MFA application, eligibility will be based on the information provided.
- 5.3.2 Providing Complete Information.** MFA program eligibility is determined once all requested personal, financial, and other information is received.
- 5.3.3 Incomplete Information.** A patient is notified in person, by mail, or by telephone if required information received is incomplete. The patient may submit the missing information within 30 days from either: the date the notice was mailed, the in-person conversation took place, or the telephone conversation occurred. MFA may be denied due to incomplete information.
- 5.3.4 Requested Information Not Available.** A patient who does not have the requested information described in the program application may contact KFHP/H to discuss other available documentation that may demonstrate eligibility.
- 5.3.5 No Financial Information Available.** A patient is required to provide basic financial information (i.e., income, if any, and source) at a minimum and attest to its validity when: (1) their financial status cannot be verified using external data sources; (2) requested financial information is not available; and (3) no other documentation exists that may demonstrate eligibility. Basic financial information and attestation is required from the patient if any of the following apply:

- 5.3.5.1** The patient is homeless or recipient of care from a homeless clinic.
- 5.3.5.2** The patient has no income, does not receive a formal pay stub from their employer (excluding those who are self-employed), receives monetary gifts, or was not required to file a federal or state income tax return in the previous tax year.
- 5.3.5.3** The patient has been affected by a well-known national or regional disaster or public health emergency (Refer to Section 5.11 below).

5.3.6 Patient Cooperation. A patient is required to make a reasonable effort to provide all requested information. If all requested information is not provided, the circumstances may be considered when determining eligibility.

5.4 Presumptive Eligibility Determination. Financial assistance may be approved in the absence of a completed application in situations where the patient has an outstanding balance, has not responded to KP outreach attempts and has not applied but other available information substantiates a financial hardship. If determined to be eligible, the patient is not required to provide personal, financial, or other information to verify financial status and will automatically be assigned an MFA award. The reason and supporting information for presumptive eligibility determination will be documented in the patient’s account and additional patient notes may be included. A patient is presumed to be eligible and document requirements are waived if the patient has been prequalified or there are indications of financial hardship.

5.4.1 Prequalified. Situations where there is evidence that a patient is enrolled in or is determined by the financial screening process to potentially qualify for the public and private assistance programs noted below is presumed eligible (i.e., prequalified) for the MFA program. The patient is considered prequalified if the patient meets any of the following criteria:

- 5.4.1.1** Is enrolled in a Community MFA (CMFA) program to which patients have been referred and prequalified through (1) federal, state, or local government, (2) a partnering community-based organization, or (3) at a KFHP/H sponsored community health event.
- 5.4.1.2** Is enrolled in a KP Community Benefit program designed to support access to care for low-income patients and prequalified by designated KFHP/H personnel.

5.4.1.6 Was granted a prior MFA award that began within the last 30 days.

5.4.2 Indications of Financial Hardship. A patient who has received care at a KP facility and for whom there are indications of financial hardship (e.g., past due outstanding balances or inability to pay) may be screened by KP and Debt Collection Agencies for program eligibility and financial hardship using external data sources. If eligible, the patient will receive an MFA award for eligible outstanding balances only.

5.4.2.1 Eligibility Determination by KP. KP may screen patients for program eligibility before their outstanding balances are placed with a debt collection agency.

5.4.2.1.2 Indications of Financial Hardship. Financial information for some patients with outstanding balances may not be available to determine eligibility, but other indications of financial hardship made known to KP may lead to the determination of low income. Eligible outstanding balances will be applied to the MFA program and will not be subject to further collection actions. Indications of financial hardship may include, but are not limited to:

5.4.2.1.2.1 The patient is a non-U.S. citizen without sponsorship, social security number, tax records, or valid billing addresses; has not communicated with KP about their account; and reasonable collection efforts demonstrate the patient does not have financial or asset resources in their country of origin.

5.4.2.2.1 Indications of Financial Hardship. Debt Collection Agencies will perform an independent review of patient accounts utilizing other financial information (e.g., past bankruptcies, non-KP debt, credit history, propensity to pay, etc.) and socio-economic considerations (e.g., home ownership) that may lead to the determination of financial hardship. If eligible, the patient will receive an MFA award for eligible outstanding balances only. Eligible outstanding balances will be returned to KP, applied to the MFA program and will not be subject to further collection actions.

5.5 Program Eligibility Criteria. As summarized in section V of the region-specific addenda, a patient applying for MFA may qualify for financial assistance based on means-tested, or high medical expense criteria. See *Addenda for Kaiser Permanente Regions, Attachments 1-8*.

5.5.2.1.2 Non-KFHP/H Out-of-Pocket Expenses. Medical, pharmacy, and dental expenses provided at non-KP facilities, related to eligible medically necessary services, and incurred by the patient (excluding any discounts or write offs) are included. The patient is required to provide documentation of the medical expenses for the services received from non-KP facilities.

5.5.2.1.2.1 If the non-KFHP/H provider where charges are incurred offers a Financial Assistance program for which the patient may be eligible the patients must apply before charges will be considered an eligible medical expense.

5.7 Award Structure. MFA awards are applied to eligible past due or outstanding balances, balances placed with a debt collection agency and pending charges. MFA awards may also include an eligibility period for any required follow up services as determined by a KP provider.

5.7.1 Basis of Award. The patient cost paid by the MFA program is determined based on whether the patient has health care coverage and the patient’s household income.

5.7.1.1 MFA-Eligible Patient without Health Care Coverage (Uninsured). An eligible uninsured patient receives a discount on the patient cost of all eligible services.
