2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

CENTRAL VALLEY

Care beyond our walls

Serving communities around our Manteca, Modesto, Stockton, and Tracy medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $17 million in grants and donations to local partners in our Central Valley service area to address critical health needs. Here are examples of our support in action.

Access to care

Our funding of Catholic Charities Diocese of Stockton helped nearly 700 eligible residents enroll in or retain Medi-Cal health coverage.* Catholic Charities also helps individuals and families navigate the health care system, ensuring people get care when they need it.

Mental health

We funded West Modesto Community Collaborative's trauma-informed outreach and wellness initiatives to build resilience and improve well-being of 1,000 people through community workshops and local partnerships.

> **"Through these gatherings, I've learned healthier ways to manage my emotions, reduce stress, and find joy, connection, and peace in my daily life."**
>
> **– Program participant, West Modesto Community Collaborative**

*Funding provided through a grant from a Kaiser Permanente fund at the East Bay Community Foundation.

Kaiser Permanente®

Income & employment

Our grant to Improve Your Tomorrow's College Academy provided mentorship, academic support, college tours, and career readiness programs for 300 young men of color. The academy helps ensure students graduate from high school and are prepared to pursue college and future careers.

Food & nutrition security

Our support of United Samaritans Foundation's Daily Bread Mobile Lunch program helped serve up to 1,500 freshly prepared, free meals each weekday. The program serves people experiencing homelessness and older and disabled adults with extremely low incomes.

> **"Our low-barrier, mobile service model brings food directly into neighborhoods where vulnerable residents live. Our work is guided by a deeply held organizational belief that food is more than sustenance; it is connection, compassion, and hope."**
>
> **– Shanyn Avila, grant writer, United Samaritans Foundation**

BY THE NUMBERS

$127M
2025 Central Valley total community investment
