2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

DIABLO

Care beyond our walls

Serving communities around our Walnut Creek and Antioch medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $966,407 in grants and donations to community partners in our Diablo service area to address critical health needs. Here are examples of our support in action.

Access to care

Our grant to United Latino Voices of Contra Costa County helped county residents with low incomes get the health care they need. Through culturally responsive outreach, health education, enrollment assistance, and application support, the nonprofit helped residents connect to health coverage, health care, and community services.

> **"Before United Latino Voices helped me, I didn't understand the health coverage letters I received or that my MediCal had stopped when I moved. They took the time to explain everything in my language and made sure I got covered again. They didn't just translate – they understood me. Their help was truly life changing."**

Kaiser Permanente®

Food and nutrition security

Our support for Meals on Wheels Diablo Region provided nutritious home-delivered meals and grocery assistance to address older adult hunger in Contra Costa County. The program also helped reduce social isolation, support healthy aging, and keep vulnerable seniors independent in their communities.

> **"The friendly staff and volunteers are so committed to us seniors in need. I appreciate the nice little gifts during the holidays and the check-ins to see how I am doing when I sometimes forget the day. They go above and beyond, and I am grateful to have this service."**

Mental health

Our grant to Tri-Valley Haven for Women provided individual therapy and support groups for approximately 85 primarily low-income survivors of trauma, domestic violence, and abuse. Our funding helped reduce wait times for services and ensured community members could receive trauma-informed care when they needed it most.

BY THE NUMBERS

$109M
2025 Diablo total community investment
