2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

SAN MATEO COUNTY

Care beyond our walls

Serving communities around our Redwood City and South San Francisco medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $307,426 in grants and donations to community partners in our San Mateo service area to address critical health needs. Here are examples of our support in action.

Access to care

Our grant to Clinic by the Bay expanded no-cost health care services in North San Mateo County. Volunteer clinicians provide vital care for uninsured adults who could not otherwise afford health care.

> **"Thanks to the clinic, I've been able to improve my health, provide for my child, and gain a sense of security."**
>
> **– Clinic by the Bay patient**

Mental health

Our support of CASA of San Mateo County strengthened mentoring, advocacy services, and mental health support for youth involved in the child welfare and juvenile justice systems.* These services help build resilience, stability, and brighter futures for vulnerable youth.

---

*Funding was provided through a grant from a Kaiser Permanente fund at the East Bay Community Foundation.

Kaiser Permanente®

Income & employment

Our funding of Upward Scholars supported underserved working adult community college students in San Mateo County. Through academic, career, financial, and holistic services the program helps students succeed at school and prepare for sustainable, stable careers in fields including health care.

> **"Thanks to Kaiser Permanente's generous support, Upward Scholars empowered 362 adult immigrants to advance their educational and career goals through our comprehensive postsecondary and workforce programs. Among them, 36 participants pursued health-related coursework."**
>
> **– Margarita Florez Vasconcelos, Executive Director, Upward Scholars**

Housing for health

Our investment in Rebuilding Together Peninsula's Safe at Home program funded essential home repairs and safety upgrades for homeowners with low incomes. The program helps homeowners, many of them older adults, live safely and maintain their independence in their aging homes.

BY THE NUMBERS

$32M
2025 San Mateo County total community investment
