2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

SAN FRANCISCO

Care beyond our walls

Serving communities around our San Francisco medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $691,356 in grants and donations to community partners in our Golden Gate – San Francisco service area to address critical health needs. Here are examples of our support in action.

Access to care

Our grant to Curry Senior Center helped improve the health of older adults, seniors experiencing homelessness, and people living with disabilities. Our funding supported integrated wraparound services and care coordination that helped older adults get the care and services they needed.

> **A 65-year-old client received compassionate, ongoing support securing essential benefits – returning multiple times in trust and gratitude.**
>
> **– Kathleen Mayeda, Curry Senior Center**

Housing for health

Our grant to Legal Services for the Elderly expanded access to critical legal assistance for vulnerable older adults. These services helped them secure housing, income, and benefits, avoid eviction and financial exploitation, and improve their stability, dignity, and overall well-being.

Kaiser Permanente

Mental health

Our support of Rafiki Coalition helped improve youth mental health and expand peer support for young people in the Bayview Hunters Point neighborhood.* Our funding supported expressive arts programs aimed at strengthening resilience and increasing feelings of connection and well-being.

> **"The youth mental health grant has deepened awareness of intergenerational trauma among young people, equipping them with tools to reduce depression and build optimal mental health."**
> **– Shanell Williams, Rafiki Coalition Executive Director**

Income and employment

Our funding of Booker T. Washington Community Service Center's Food to Freedom program provided nutritious, culturally appropriate food for families with low incomes in the Western Addition and Fillmore neighborhoods.*

*Funding was provided through a grant from a Kaiser Permanente fund at the East Bay Community Foundation.

BY THE NUMBERS

$54M
2025 San Francisco total community investment

$69K
Employee and corporate donations through KP Gives

$691K
Grants and donations
