2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

SOUTH BAY

Care beyond our walls

Serving communities around our Santa Clara and San Jose medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $1.2 million in grants and donations to community partners in the South Bay to address critical health needs. Here are examples of our support in action.

Mental health

Our funding to Think Together supported trauma-informed staff training on student mental health for 60 staff members across 3 South Bay school districts.* As a result, 8 in 10 students recognized ways to manage stress and nearly 9 in 10 reported feeling supported by trusted adults.

Food & nutrition

Our support for Loaves and Fishes allowed it to serve nutritious meals to more than 3,400 adults and children in need. The nonprofit offers free hot meals to all community members, including people experiencing homelessness, low-income families, and seniors.

"Knowing there's a meal for my children tonight means I can breathe a little easier. It gives me the strength to keep going."

– Recipient of Loaves and Fishes meals

---

*Funding was provided through a grant from a Kaiser Permanente fund at the East Bay Community Foundation.

Kaiser Permanente

Access to care

Our grant to Latinas Contra Cancer supported education and culturally responsive navigation for 800 cancer patients in the community. This included help with transportation, scheduling appointments, and accessing free or low-cost health care and social services.

> **"A female client was undergoing cancer treatment without reliable transportation. We arranged consistent rides to and from her treatment appointments, removing a major barrier to her care."**
> **– Melissa Gonzalez, deputy director, Latinas Contra Cancer**

Housing

Our funding to Rebuilding Together Silicon Valley supported critical home repairs and remodeling to improve accessibility for more than 400 low-income, older adult homeowners across Santa Clara County. This work improved their housing stability, health, safety, and overall well-being.

BY THE NUMBERS

$145M
2025 South Bay total community investment

$210K
Employee and corporate donations through KP Gives
