2025 COMMUNITY & SOCIAL HEALTH SNAPSHOT

SOUTH SACRAMENTO

Care beyond our walls

Serving communities around our South Sacramento and Elk Grove medical facilities.

At Kaiser Permanente, we believe your health matters, even if you're not our patient. That's why we reach beyond our medical center walls to improve health in the communities we serve. In 2025, we provided $768,135 in grants and donations to community partners in our South Sacramento service area to address critical health needs. Here are examples of our support in action.

Access to care

Our funding of Community HealthWorks helped it reach out and enroll people with low incomes in health coverage.* The nonprofit works with people experiencing homelessness, immigrant families, and refugees, helping them navigate the health care system and get the care they need.

Income & employment

Our support of Valley High School's Health TECH Academy introduced students to health care careers through paid internships, job training and placement, and career mentoring. Our grant also supported the Academy's school-based health center.

*Funding was provided through a grant from a Kaiser Permanente fund at the East Bay Community Foundation.

Kaiser Permanente®

Mental health

Our grant to Community Against Sexual Harm expanded trauma-informed mental health services for women and youth affected by commercial sexual exploitation in Sacramento County. The organization provides support and services, helping clients to heal and reclaim their lives.

"One participant, who had previously been reluctant to engage in therapy, shared that the workshop helped her recognize the profound impact trauma had on her life. She requested a referral to mental health services, an important step in her healing journey."

– Carissa Theis, LMFT, director of Operations, Community Against Sexual Harm

Housing for health

Our support for Saint John's Program for Real Change helped women and children experiencing homelessness to access immediate shelter and mental and behavioral health services. Our funding also provided families with education and support to build stability and long-term well-being.

BY THE NUMBERS

$111M
2025 South Sacramento total community investment
